## THE ISLAND

*DonLand/Shutterstock.com*

In Hawaiian mythology, it was demigod Māui to lift the Hawaiian Islands from the depths of the sea by lassoing the sun from the island's highest peak, Haleakalā, bringing daylight to the islanders.

In the centuries that followed, Hawaiian culture was largely determined by the customs of Polynesian tribes until the rule of the House of Kamehameha, which lasted until the late 19th century. The island had also seen many explorers and missionaries during this extensive period, with James Cook being the first European to set foot here.

Besides being the Kingdom's capital, Lahaina also served as the hub of the remarkably successful whaling industry. At the industry's height between 1840 and 1865, as many as 500 ships would anchor at Lahaina's port. The sugar industry too flourished during that time, and the installation of the first sugar mill in 1828 gave way to a massive influx of workers from China, Japan, Puerto Rico, Korea, the Philippines, Portugal, and other European nations, further increasing the cultural diversity of Hawaii, the 50th state of the U.S. today.

Apart from Lahaina, other significant places include Kahului, the commercial hub of Maui,

Kihei, and Makawao. Today, tourism has become its main economic sector, and with the warm tropical climate that prevails on the island, Maui welcomes its visitors all year round.

## BEACHES

*Alitsiya/Shutterstock.com*

Maui boasts over 30 miles of spectacular beaches. Experience the aloha spirit with delicious cocktails and ample entertainment—or the wild nature with not a soul around.

### Baldwin Beach Park

If the first thing you want to do after landing in Maui is take to the beaches, head to Baldwin Beach Park just out of historic Paia. It also has a Baby Beach for the youngest, and is a preferred place by the locals too, so will certainly help you get in the Hawaiian mood.

### Ka'anapali

Although access to this beach is remarkably easier for guests of resorts like Westin and Aston, visitors can still park their cars at

Whalers Village to access this immensely popular beach dotted with various bars and restaurants. Seeking adventure? Climb and jump off the Black Rock!
